**Definition:**

The word "servant" refers to a person who works for another person, either by choice or by force. Some servants were slaves, and the surrounding text usually makes it clear whether or not a particular servant was a slave. In Bible times, there was less of a difference between a servant and a slave than there is today. Both servants and slaves were an important part of their master's household and many were treated almost like members of the family. Sometimes a servant would choose to become a lifetime servant to his master.

- A slave was a kind of servant who was the property of the person he worked for. The person who bought a slave was called his "owner" or "master." Some masters treated their slaves very cruelly, while other masters treated their slaves very well, as a servant who was a valued member of the household.
- In ancient times, some people became slaves to a person they owed money to in order to pay off their debt to that person.
- In the Bible, the phrase "I am your servant" was used as a sign of respect and service to a person of higher rank, such as a king. It did not mean that the person speaking was an actual servant.
- In the Old Testament, God's prophets and other people who worshiped God were often referred to as his "servants."
- In the New Testament, people who obeyed God through faith in Christ were often called his "servants."
- Christians are also called "slaves to righteousness," which is a metaphor that compares the commitment to obey God to a slave's commitment to obey his master.

The word "serve" means to do things to help other people. It can also mean to "worship."

- In the context of a person serving guests, this term means "care for" or "serve food to" or "provide food for." When Jesus told the disciples to "serve" the fish to the people, this could be translated as, "distribute" or "hand out" or "give."
- To "serve God" can be translated as to "worship and obey God" or to "do the work that God has commanded."
- People who teach others about God are said to serve both God and the ones they are teaching.

**Definition:**

The word "servant" refers to a person who works for another person, either by choice or by force. Some servants were slaves, and the surrounding text usually makes it clear whether or not a particular servant was a slave. In Bible times, there was less of a difference between a servant and a slave than there is today. Both servants and slaves were an important part of their master's household and many were treated almost like members of the family. Sometimes a servant would choose to become a lifetime servant to his master.

- A slave was a kind of servant who was the property of the person he worked for. The person who bought a slave was called his "owner" or "master." Some masters treated their slaves very cruelly, while other masters treated their slaves very well, as a servant who was a valued member of the household.
- In ancient times, some people became slaves to a person they owed money to in order to pay off their debt to that person.
- In the Bible, the phrase "I am your servant" was used as a sign of respect and service to a person of higher rank, such as a king. It did not mean that the person speaking was an actual servant.
- In the Old Testament, God's prophets and other people who worshiped God were often referred to as his "servants."
- In the New Testament, people who obeyed God through faith in Christ were often called his "servants."
- Christians are also called "slaves to righteousness," which is a metaphor that compares the commitment to obey God to a slave's commitment to obey his master.

The word "serve" means to do things to help other people. It can also mean to "worship."

- In the context of a person serving guests, this term means "care for" or "serve food to" or "provide food for." When Jesus told the disciples to "serve" the fish to the people, this could be translated as, "distribute" or "hand out" or "give."
- To "serve God" can be translated as to "worship and obey God" or to "do the work that God has commanded."
- People who teach others about God are said to serve both God and the ones they are teaching.

- The apostle Paul wrote to the Corinthian Christians about how they used to "serve" the old covenant. This refers to obeying the laws of Moses. Now they "serve" the new covenant. That is, because of Jesus' sacrifice on the cross, believers in Jesus are enabled by the Holy Spirit to please God and live holy lives.

The word "service" refers to the work that a servant does. It may also refer to worship.

The word "office" refers to the position or job that a servant has.

**Definition:**

The word "servant" refers to a person who works for another person, either by choice or by force. Some servants were slaves, and the surrounding text usually makes it clear whether or not a particular servant was a slave. In Bible times, there was less of a difference between a servant and a slave than there is today. Both servants and slaves were an important part of their master's household and many were treated almost like members of the family. Sometimes a servant would choose to become a lifetime servant to his master.

- A slave was a kind of servant who was the property of the person he worked for. The person who bought a slave was called his "owner" or "master." Some masters treated their slaves very cruelly,

while other masters treated their slaves very well, as a servant who was a valued member of the household.
- In ancient times, some people became slaves to a person they owed money to in order to pay off their debt to that person.
- In the Bible, the phrase "I am your servant" was used as a sign of respect and service to a person of higher rank, such as a king. It did not mean that the person speaking was an actual servant.
- In the Old Testament, God's prophets and other people who worshiped God were often referred to as his "servants."
- In the New Testament, people who obeyed God through faith in Christ were often called his "servants."
- Christians are also called "slaves to righteousness," which is a metaphor that compares the commitment to obey God to a slave's commitment to obey his master.

The word "serve" means to do things to help other people. It can also mean to "worship."

- In the context of a person serving guests, this term means "care for" or "serve food to" or "provide food for." When Jesus told the disciples to "serve" the fish to the people, this could be translated as, "distribute" or "hand out" or "give."
- To "serve God" can be translated as to "worship and obey God" or to "do the work that God has commanded."
- People who teach others about God are said to serve both God and the ones they are teaching.
- The apostle Paul wrote to the Corinthian Christians about how they used to "serve" the old covenant. This refers to obeying the laws of Moses. Now they "serve" the new covenant. That is, because of Jesus' sacrifice on the cross, believers in Jesus are enabled by the Holy Spirit to please God and live holy lives.

The word "service" refers to the work that a servant does. It may also refer to worship.

The word "office" refers to the position or job that a servant has.

## sin offering

**Definition:**

The "sin offering" was one of several sacrifices that God required the Israelites to offer.

- This offering involved sacrificing a bull, burning its blood and fat on the altar, and taking the rest of the animal's body and burning it on the ground outside the Israelite camp.
- The complete burning up of this animal sacrifice shows how holy God is and how terrible sin is.
- The Bible teaches that in order for there to be a cleansing from sin, blood must be shed to pay the cost for the sin that was committed.
- Animal sacrifices could not permanently bring about forgiveness of sin.
- Jesus' death on the cross paid the penalty for sin, for all time. He was the perfect sin offering.

A sister is a female person who shares at least one biological parent with another person. She is said to be that other person’s sister or the sister of that other person.

- In the New Testament, "sister" is also used figuratively to refer to a woman who is a fellow believer in Jesus Christ.
- Sometimes the phrase "brothers and sisters" is used to refer to all believers in Christ, both men and women.
- In the Old Testament book Song of Songs, "sister" refers to a female lover or wife.

**Translation Suggestions:**

- It is best to translate this term with the literal word that is used in the target language to refer to a natural or biological sister, unless this would give wrong meaning.
- Other ways to translate this could include "sister in Christ" or "spiritual sister" or "woman who believes in Jesus" or "fellow woman believer."
- If possible, it is best to use a family term.
- If the language has a feminine form for "believer," this may be a possible way to translate this term.

- When referring to a lover or wife, this could be translated using a feminine form of "loved one" or "dear one."

**Definition:**

The male offspring of a man and a woman is called their "son" for his entire life. He is also called a son of that man and a son of that woman. An "adopted son" is a male who has been legally placed into the position of being a son.

- "Son" was often used figuratively in the Bible to refer to any male descendant, such as a grandson or great-grandson.
- The term "son" can also be used as a polite form of address to a boy or man who is younger than the speaker.
- Sometimes "sons of God" was used in the New Testament to refer to believers in Christ.
- God called Israel his "firstborn son." This refers to God's choosing of the nation of Israel to be his special people. It is through them that God's message of redemption and salvation came, with the result that many other people have become his spiritual children.
- The phrase "son of" often has the figurative meaning "person having the characteristics of." Examples of this include "sons of the light," "sons of disobedience," "a son of peace," and "sons of thunder."
- The phrase "son of" is also used to tell who a person's father is. This phrase is used in genealogies and many other places.
- Using "son of" to give the name of the father frequently helps distinguish people who have the same name. For example, "Azariah son of Zadok" and "Azariah son of Nathan" in 1 Kings 4, and "Azariah son of Amaziah" in 2 Kings 15 are three different men.

**Translation Suggestions:**

- Sometimes "sons" can be translated as "children," when both males and females are being referred to. For example, "sons of God" could be translated as "children of God" since this expression also includes girls and women.
- The figurative expression "son of" could also be translated as "someone who has the characteristics of" or "someone who is like" or "someone who has" or "someone who acts like."

The term "sons of God" is a figurative expression that has several possible meanings.

- In the New Testament, the term "sons of God" refers to all believers in Jesus and is often translated as "children of God" since it includes both males and females.
- This use of the term speaks of a relationship with God that is like the relationship between a human son and his father, with all the privileges associated with being sons.
- Some people interpret the term "sons of God" that appears in Genesis 6 to mean fallen angels—evil spirits or demons. Others think it may refer to powerful political rulers or to the descendants of Seth.
- The title "Son of God" is a different term: it refers to Jesus, who is God's only Son.

**Translation Suggestions:**

- When "sons of God" refers to believers in Jesus, it could be translated as "children of God."
- In Genesis 6:2 and 4 ways to translate "sons of God" could include "angels," "spirit beings," "supernatural creatures," or "demons."

**Definition:**

A sword is a flat-bladed metal weapon used to cut or stab. It has a handle and a long, pointed blade with a very sharp cutting edge.

- In ancient times the length of a sword’s blade was about 60 to 91 centimeters.
- Some swords have two sharp edges and are called "double-edged" or "two-edged" swords.
- Jesus' disciples had swords for self defense. With his sword, Peter cut off the ear of the high priest's servant.
- Both John the Baptist and the apostle James were beheaded with swords.
- A "dagger" is a short sword used to stab people who are close by.

**Translation Suggestions**

- A sword is used as a metaphor for God's word. God's teachings in the Bible exposed people's innermost thoughts and convicted them of their sin. In a similar way, a sword cuts deeply, causing pain.
- One way to translate this figurative use would be, "God's word is like a sword, which cuts deeply and exposes sin."
- Another figurative use of this term occurred in the book of Psalms, where the tongue or speech of a person was compared to a sword, which can injure people. This could be translated as "the tongue is like a sword that can badly injure someone."
- If swords are not known in your culture, this word could be translated with the name of another long-bladed weapon that is used to cut or stab.
- A sword could also be described as a "sharp weapon" or "long knife." Some translations could include a picture of a sword.

- A "dagger" is a short sword used to stab people who are close by.

**Translation Suggestions**

- A sword is used as a metaphor for God's word. God's teachings in the Bible exposed people's innermost thoughts and convicted them of their sin. In a similar way, a sword cuts deeply, causing pain.
- One way to translate this figurative use would be, "God's word is like a sword, which cuts deeply and exposes sin."
- Another figurative use of this term occurred in the book of Psalms, where the tongue or speech of a person was compared to a sword, which can injure people. This could be translated as "the tongue is like a sword that can badly injure someone."
- If swords are not known in your culture, this word could be translated with the name of another long-bladed weapon that is used to cut or stab.
- A sword could also be described as a "sharp weapon" or "long knife." Some translations could include a picture of a sword.

**Definition:**

The word "tabernacle" means "dwelling place."

The tabernacle was a special tent-like structure where the Israelites worshiped God during the 40 years they traveled around in the desert.

- God had given the Israelites detailed instructions for building this large tent, which had two rooms and was surrounded by an enclosed courtyard.
- Each time the Israelites moved to a different place in the desert to live, the priests would take the tabernacle apart and carry it to their next campsite. Then they would set it up again in the center of their new camp.
- The tabernacle was constructed of wood frames hung with curtains made of cloth, goat hair, and animal skins. The courtyard surrounding it was enclosed with more curtains.
- The two sections of the tabernacle were the Holy Place (where the altar for burning incense was located) and the Most Holy Place (where the ark of the covenant was kept).
- The courtyard of the tabernacle had an altar for burning animal sacrifices and a special washbasin for ritual cleansing.

### Definitions:

A temple is a special building in which people worship their god or gods. The most important temple in the Bible was where the Israelites worshiped the true God with prayers and sacrifices. It was located on Mount Moriah in the city of Jerusalem.

- Often the term "temple" referred to the whole temple complex, including the courtyards that surrounded the main building. Sometimes it referred only to the building.
- The temple building had two rooms, the Holy Place and the Most Holy Place.
- God referred to the temple as his dwelling place.
- King Solomon built the Temple during his reign. It was supposed to be the permanent place of worship in Jerusalem.
- In the New Testament, the term "temple of the Holy Spirit" is used to refer to believers in Jesus as a group, because the Holy Spirit lives in them.
- A "shrine" is a small place where people worship or an object of worship.

### Translation Suggestions:

- Usually when the text says that people were "in the temple," it is referring to the courtyards outside the building. This could be translated as "in the temple courtyards" or "in the temple complex."
- Where it refers specifically to the building itself, some translations translate "temple" as "temple building," to make it the reference clear.
- Ways to translate "temple" could include, "God's holy house" or "sacred worship place."
- Often in the Bible, the temple is referred to as "the house of Yahweh" or "the house of God."

beat out

**Definition:**

The terms "thresh" and "threshing" refer to the first part of the process of separating wheat grain from the rest of the wheat plant.

- Threshing the wheat plant loosens the grain from the straw and the chaff. Afterwards the grain is "winnowed" to completely separate the grain from all unwanted materials, leaving only the part the grain that can be eaten.
- In Bible times, a "threshing floor" was a large flat rock or an area of packed-down dirt, giving a hard, level surface to crush the grain stalks and remove the grain.
- A "threshing cart" or "threshing wheel" was sometimes used to crush the grain and help separate it from the straw and chaff.
- A "threshing sledge" or "threshing board" was also used for separating grain. It was made of wooden boards that had sharp metal spikes on the end.
- To "beat out" is to separate the grain from the straw either by spreading the stalks on the ground and hitting them with a stick or board or by holding the base of a bundle of stalks and hitting the heads on a hard surface.
