## run

**Related Ideas:**

flee, flow, move swiftly, runner

**Definition:**

Literally the term "run" means "move very quickly on foot," usually at a greater speed than can be accomplished by walking. To "run after" or "pursue" someone or something is to move as quickly as possible to try to catch that person or thing. To run away from someone or something is to "flee."

This main meaning of "run" is also used in figurative expressions such as the following:

- To "run in such a way as to win the prize" refers to persevering in doing God's will with the same perseverance as running a race in order to win.
- To "run in the path of your commands" means to gladly and quickly obey God's commands.
- To "run after other gods" means to persist in worshiping other gods.
- "I run to you to hide me" means to quickly turn to God for refuge and safety when faced with difficult things.

The following figurative uses are about non-living things that are said to run.

- Water and other liquids such as tears, blood, sweat, and rivers are said to "run." This could also be translated as, "flow."

- The border or boundary of a country or region is said to "run along" a river or the border of a different country. This could be translated by saying that the country's border "is next to" the river or other country or by saying that the country "borders" the river or other country."
- Rivers and streams can "run dry," which means that they no longer have water in them. This could be translated as "have dried up" or "have become dry."
- The days of a feast can "run their course," which means they "have passed by" or "are finished" or "are over."

## seed

**Related Words:**

semen

**Definition:**

A seed is the part of a plant that gets planted in the ground to reproduce more of the same kind of plant. It also has several figurative meanings.

- The term "seed" is used figuratively and euphemistically to refer to the tiny cells inside a man that combine with cells of a woman to cause a baby to grow inside her. A collection of these is called "semen."
- Related to this, "seed" is also used to refer to a person's offspring or descendants.
- This word often has a plural meaning, referring to more than one seed grain or more than one descendant.
- In the parable of the farmer planting seeds, Jesus compared his seeds to the Word of God, which is planted in people's hearts in order to produce good spiritual fruit.
- The apostle Paul also uses the term "seed" to refer to the Word of God.

**Translation Suggestions:**

- For a literal seed, it is best to use the literal term for "seed" that is used in the target language for what a farmer plants in his field.
- The literal term should also be used in contexts where it refers figuratively to God's Word.
- For the figurative use that refers to people who are of the same family line, it may be more clear to use the word "descendant" or "descendants" instead of seed. Some languages may have a word that means "children and grandchildren."
- For a man or woman's "seed," consider how the target expresses this in a way that will not offend or embarrass people.

**Definition:**

The word "servant" refers to a person who works for another person, either by choice or by force. Some servants were slaves, and the surrounding text usually makes it clear whether or not a particular servant was a slave. In Bible times, there was less of a difference between a servant and a slave than there is today. Both servants and slaves were an important part of their master's household and many were treated almost like members of the family. Sometimes a servant would choose to become a lifetime servant to his master.

- A slave was a kind of servant who was the property of the person he worked for. The person who bought a slave was called his "owner" or "master." Some masters treated their slaves very cruelly, while other masters treated their slaves very well, as a servant who was a valued member of the household.
- In ancient times, some people became slaves to a person they owed money to in order to pay off their debt to that person.
- In the Bible, the phrase "I am your servant" was used as a sign of respect and service to a person of higher rank, such as a king. It did not mean that the person speaking was an actual servant.
- In the Old Testament, God's prophets and other people who worshiped God were often referred to as his "servants."
- In the New Testament, people who obeyed God through faith in Christ were often called his "servants."
- Christians are also called "slaves to righteousness," which is a metaphor that compares the commitment to obey God to a slave's commitment to obey his master.

The word "serve" means to do things to help other people. It can also mean to "worship."

- In the context of a person serving guests, this term means "care for" or "serve food to" or "provide food for." When Jesus told the disciples to "serve" the fish to the people, this could be translated as, "distribute" or "hand out" or "give."
- To "serve God" can be translated as to "worship and obey God" or to "do the work that God has commanded."
- People who teach others about God are said to serve both God and the ones they are teaching.
- The apostle Paul wrote to the Corinthian Christians about how they used to "serve" the old covenant. This refers to obeying the laws of Moses. Now they "serve" the new covenant. That is, because of Jesus' sacrifice on the cross, believers in Jesus are enabled by the Holy Spirit to please God and live holy lives.

The word "service" refers to the work that a servant does. It may also refer to worship.

The word "office" refers to the position or job that a servant has.
